Wouldn't be the first time love made a fool of me

Wouldn't even care but now you're here to see

It comes as no surprise

Just leave the light on

What I wouldn't give if you could have it all
C F/C
The sun that's going down the bed that breaks the fall

So you can take comfort now
F/C Am C
You can take comfort now...

Sometimes a heart can break and make it's own relief
The way a cold dark night invites the fire thief
He wants to show us how
So we can take comfort now
We can take comfort now
We can take comfort now

Leave the light on
C
Leave the light on
